

GRAB BAR

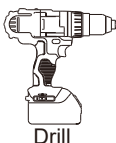

FOLD DOWN GRAB BAR 8289004

Tools required for installation

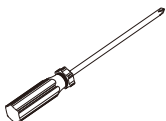

Level

Drill

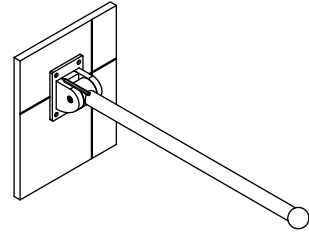

Pencil

Screwdriver

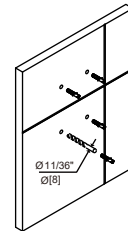

Hammer

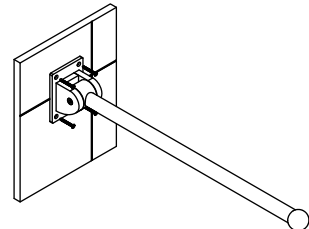

Step 1

Position the grab bar against the wall and mark the holes with pencil.

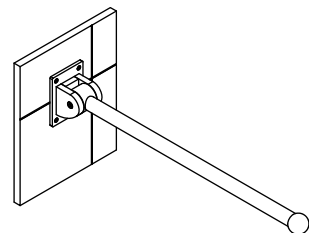

Step 2

Predrill 11/32" holes on the wall to fit wall plugs. Insert wall plugs into the wall.

Step 3

Install screws into the wall and tighten them, ensure the product is level.

Step 4

Install the end caps onto the set screws.
